

BWL Innovation & Manufacturing, Singapore

Project Design Brief

Relodgement of approved proposed re-construction of an existing 2 storey industrial building to a new 5 storey production building for pharmaceutical production purpose.

ACO Solution

- ACO hygienic gully 157 with odour proof cover, silt basket & tundish
- ACO hygienic gully 142 with mesh grating and silt basket

Benefits

- The fully hygienic design allows water to be disposed efficiently and in a proper manner
- Odour proof cover avoids any bad smell in the production/ cleanroom area and at the same time provides access for potential water or debris to accumulate
- Easy access for maintenance via removable cover

Contractor

- KlearmaxPlumbing Engineering
